

Dear MACAT/MSB Parents,

Students that will be enrolling in MSB as a freshman and want to take band and world language have a few options for scheduling. There are several MSB schedules included in this packet that outline a few of the variations.

If you plan to take a full year of **online** world language your freshmen year:

1. Register for all required classes
2. Do not register for PE
3. Register for a full year of Concert Band
4. Visit your Churchill counselor during schedule pick up week or the first week of school to enroll in online language.
5. Marching Band registration is not done during course scheduling, look for information online in March.

If you plan to take one semester of **online** world language your freshmen year:

1. Register for all required classes
2. Do not register for PE
3. Register for one semester of Concert Band
4. Register for one semester of language (in the semester opposite of your Concert Band semester)
5. Visit your Churchill counselor during schedule pick up week or the first week of school to enroll in online language.
6. Marching Band registration is not done during course scheduling, look for information online in March.

- To research the online option, including the cost associated with online learning, visit our online educational partner **Michigan Virtual High School**
- **Students may participate in athletics and 7<sup>th</sup> hour!!!**

Registering for high school courses can seem daunting. If you have any questions, don't hesitate to ask.
